

0:0:0.0 --> 0:0:2.930

Jake Gould

Does anyone leveraged AI to help with like meeting minutes?

0:0:3.20 --> 0:0:3.830

Jake Gould

I use all the time.

0:0:3.840 --> 0:0:4.270

Jake Gould

It's great.

0:0:5.840 --> 0:0:6.0

Sara Woodin

No.

0:0:6.660 --> 0:0:8.230

Jake Gould

Ohh man, you gotta get on that.

0:0:8.240 --> 0:0:9.510

Jake Gould

Train it's you.

0:0:9.520 --> 0:0:9.840

Jake Gould

You can.

0:0:10.690 --> 0:0:12.60

Jake Gould

There are addons now.

0:0:12.70 --> 0:0:23.860

Jake Gould

I mean, if you have the like, the premium version of Chad GPT where you can connect or share a link to PDF and they can then see the whole document as opposed to having like 10 pages at a time because that's tedious.

0:0:24.290 --> 0:0:26.20

Jake Gould

And then it can offer summaries minutes.

0:0:26.30 --> 0:0:36.910

Jake Gould

Take aways it does a pretty good job, and then I supplement it with my own notes that I've taken myself, which is much shorter, but that gives context to around what I've in the meeting.

0:0:36.920 --> 0:0:39.620

Jake Gould

Thought was important and then it takes that and adjusts the output.

0:0:40.300 --> 0:0:41.970

Jake Gould

Umm, it's really cool.

0:0:41.980 --> 0:0:43.360

Jake Gould

Like it's it's such a time saver.

0:0:44.910 --> 0:0:46.990

Sara Woodin

Yeah, except the time to learn the things.

0:0:48.370 --> 0:0:49.780

Sara Woodin

It's not something I have.

0:0:49.310 --> 0:0:50.760

Jake Gould

It takes, yeah, there is.

0:0:50.770 --> 0:0:54.950

Jake Gould

There is a little spin up time where you have to actually learn the process and it takes.

0:0:56.480 --> 0:1:1.420

Jake Gould

I mean, there is like uh, trial and error now I'll add ins work the same way.

0:1:1.430 --> 0:1:9.490

Jake Gould

Now all are the same quality of output and so I've had to like narrow it down from 5 that do PDFs to two that are actually reliable to one.

0:1:9.500 --> 0:1:12.820

Jake Gould

That's the most often reliable, and that's taking me some time to figure that out.

0:1:13.110 --> 0:1:16.840

Jake Gould

But perhaps for the right price, I can share my lessons learned with you guys.

0:1:20.410 --> 0:1:21.540

Jake Gould

Ah, OK.

0:1:21.550 --> 0:1:22.180

Jake Gould
Where was I?

0:1:22.250 --> 0:1:22.890

Jake Gould
Alright, the agenda.

0:1:24.720 --> 0:1:25.310

Jake Gould
Where am I?

0:1:25.320 --> 0:1:26.580

Jake Gould
I just shared it with the other chat.

0:1:27.820 --> 0:1:30.110

Jake Gould
Uh, so now I think it's a lot to talk about.

0:1:30.120 --> 0:1:42.320

Jake Gould
Everyone's really busy with platforming, obviously, so Emily and Rowan neither here, but they will be presenting next week the at a glance this week was already jam packed with stuff around AI from Ashish.

0:1:42.330 --> 0:1:44.960

Jake Gould
So next week, Emily and Ron will present the cookbook.

0:1:45.450 --> 0:1:52.480

Jake Gould
I'm I think it's ready if you if you haven't already, please add your recipes to it and add some content so there's something to show.

0:1:52.870 --> 0:1:53.910

Jake Gould
Do you have any options?

0:1:53.920 --> 0:1:58.40

Jake Gould
I guess I should say options we talking about next steps.

0:1:58.50 --> 0:1:59.780

Jake Gould
So we've done a few things that are really great.

0:2:1.0 --> 0:2:3.970

Jake Gould

The recognition form has been pretty successful.

0:2:3.980 --> 0:2:15.70

Jake Gould

I think there's been four people have used it since uh launched last week, so it's better than three uh and seven new liner Richie songs.

0:2:15.500 --> 0:2:16.510

Jake Gould

So I'm feeling good about that.

0:2:17.890 --> 0:2:18.640

Jake Gould

That's exciting.

0:2:18.650 --> 0:2:19.970

Jake Gould

Do you have any ideas around?

0:2:19.980 --> 0:2:21.260

Jake Gould

Umm, what to do next?

0:2:21.350 --> 0:2:22.880

Jake Gould

Uh, there was talk about calendar.

0:2:23.330 --> 0:2:31.750

Jake Gould

Maybe add that calendar with events that people can add that they think might be interesting that aren't necessarily work related, doesn't have any other ideas that they've been bouncing around.

0:2:44.380 --> 0:2:45.750

Jake Gould

All right, no worries.

0:2:46.430 --> 0:2:50.170

Jake Gould

And in that case, what do you think about promotion?

0:2:50.440 --> 0:2:52.580

Jake Gould

How can you or I'll?

0:2:52.590 --> 0:2:53.810

Jake Gould

Have you been effective for?

0:2:56.420 --> 0:2:56.980

Jake Gould

What's worked?

0:2:56.990 --> 0:3:9.550

Jake Gould

What hasn't as far as trying to promote umm, and maybe you haven't had time to promote, so do you have any ideas of how people with full schedules can kind of promote the content that's on the site or, uh, solicit feedback?

0:3:18.740 --> 0:3:23.790

Sara Woodin

I'm trying to think of something other than the weekly.

0:3:30.720 --> 0:3:30.900

Jake Gould

Yeah.

0:3:23.800 --> 0:3:32.280

Sara Woodin

At a glance meetings, because I have brought it up with my team, but my team is 8 people so ohh.

0:3:34.300 --> 0:3:37.900

Glendra Chambers

What if we sent it fine email to interact?

0:3:43.700 --> 0:3:43.890

Jake Gould

Umm.

0:3:39.0 --> 0:3:48.90

Glendra Chambers

And I think maybe some sort of competition, you know, we all like a little competition to do their best or, you know, by teams or something like that.

0:3:56.200 --> 0:3:57.700

Jake Gould

Ohh yeah, like Mailer so most.

0:3:48.100 --> 0:3:58.760

Glendra Chambers

Maybe, but if you send a mass email to promote the cookbook or whatever, that might they have a little more time to absorb it.

0:3:58.770 --> 0:4:5.400

Glendra Chambers

Yeah, they have a little more time to absorb what the email says, that sort of thing rather than in the at a glance meeting too.

0:4:5.440 --> 0:4:5.580

Jake Gould

Yeah.

0:4:5.410 --> 0:4:8.170

Glendra Chambers

I think it needs more of that or both or whatever.

0:4:9.440 --> 0:4:10.100

Glendra Chambers

Just a thought.

0:4:8.830 --> 0:4:11.180

Jake Gould

Yeah, because everyone is nice for awareness.

0:4:11.190 --> 0:4:18.460

Jake Gould

But again, like the next steps are hard because it's the link isn't shared, or if you don't see it in the chat, it's not gonna be something that you have memorized.

0:4:18.470 --> 0:4:29.550

Jake Gould

So I think it's a good idea, like maybe having more of a promotional, umm effort through either like a teams channel or an email, a Mailer that goes out to people.

0:4:29.560 --> 0:4:32.790

Jake Gould

Hey, did you remember or like an update or news or something like that?

0:4:32.710 --> 0:4:32.990

Glendra Chambers

Umm.

0:4:32.800 --> 0:4:33.290

Jake Gould

Like a?

0:4:33.640 --> 0:4:34.250

Jake Gould

Yeah, maybe.

0:4:34.260 --> 0:4:36.990

Jake Gould

Like I wanna say like a high school.

0:4:37.0 --> 0:4:45.210

Jake Gould

Like a newspaper, though, that would be kind of fun to to format it like an old newspaper from the 90s, but this something to get it out there.

0:4:45.900 --> 0:4:46.230

Glendra Chambers

Umm.

0:4:45.430 --> 0:4:48.830

Jake Gould

The people can interact with and have the time to to kind of digest it.

0:4:49.640 --> 0:4:49.930

Glendra Chambers

Right.

0:4:52.770 --> 0:5:5.500

Shankar Venkataraman

Jake, that thing both both an email and a team channel probably will help because we all know how on both platforms, teams and email everything gets buried.

0:5:6.780 --> 0:5:11.610

Shankar Venkataraman

So if you send one on teams this week, send an email next week, it'll be kind of like a.

0:5:13.830 --> 0:5:20.140

Shankar Venkataraman

Reminder that yeah, I remember the scrolling by and then you might pay more attention to it the next time it comes by.

0:5:22.530 --> 0:5:27.210

Jake Gould

Yeah, it's a great point, like, umm, just always kind of getting that content to bubble to the top.

0:5:27.780 --> 0:5:30.630

Shankar Venkataraman

Yeah, but we don't want to do it too much.

0:5:30.680 --> 0:5:38.430

Shankar Venkataraman

I mean, that's why I said if if one week you send a teams channel update and then the next week you send an email update.

0:5:40.570 --> 0:5:43.20

Jake Gould

Ohh yeah, like the you the royal royal we.

0:5:38.640 --> 0:5:44.130

Shankar Venkataraman

I'm not saying you when I say you, I'm talking about the royal the royal way.

0:5:44.140 --> 0:5:44.760

Shankar Venkataraman

Yeah, exactly.

0:5:47.630 --> 0:5:48.330

Jake Gould

Yeah, no problem.

0:5:48.340 --> 0:5:55.660

Jake Gould

Yeah, I think that this like, yeah, whoever isn't working on this effort, even it can even rotate once the process is defined.

0:5:55.670 --> 0:6:5.760

Jake Gould

And that expectations, then it can be these are the steps you follow and even if you've never done it before, then he just follow the steps and do the things on the cadence that's been defined.

0:6:10.190 --> 0:6:11.200

Jake Gould

That's great, Don.

0:6:11.210 --> 0:6:11.880

Jake Gould

I think you had your.

0:6:11.880 --> 0:6:14.790

Jake Gould

You have something that I saw your mic blink a couple of times.

0:6:16.200 --> 0:6:17.180

Dawn Jarmusz

I think I was breathing.

0:6:19.90 --> 0:6:20.580

Jake Gould

Well, it's better than not breathing, right?

0:6:22.50 --> 0:6:22.590

Jake Gould

No worries.

0:6:26.320 --> 0:6:26.500

Jake Gould

Sure.

0:6:22.630 --> 0:6:32.30

Dawn Jarmusz

I was wondering if since you called me out, is there any way to track who is logging into that site?

0:6:33.280 --> 0:6:33.670

Jake Gould

There's.

0:6:33.680 --> 0:6:35.510

Jake Gould

Yeah, there's a way to see that.

0:6:35.560 --> 0:6:40.250

Jake Gould

Specifically, who but you can see like traffic number of clicks.

0:6:40.540 --> 0:6:52.330

Jake Gould

If you go to the actual recognition form Web Part, you'll see what's been posted since Rachel did the demo and there's been three new ones because those are just as someone adds one that becomes visible.

0:6:52.820 --> 0:7:2.230

Jake Gould

So you can see what's done there and I just been manually keeping track of other things that increase and count as you will submit them, like the Lionel Richie thing.

0:7:3.20 --> 0:7:6.640

Jake Gould

But there are ways, even if not visible by me per se.

0:7:6.650 --> 0:7:18.770

Jake Gould

Then someone like Cody Streeter or someone on the M365 team with admin access could see traffic to the site like unique visitors and then you can see how often they people come.

0:7:19.90 --> 0:7:28.440

Jake Gould

I imagine you'd see trends after the added glance that were those spike, we could do the same thing and track the effectiveness of communication, seeing if there's spikes and traffic to that site.

0:7:30.320 --> 0:7:37.380

Dawn Jarmusz

I was thinking some sort of a contest where somebody may be able to identify a hidden object.

0:7:39.660 --> 0:7:40.320

Jake Gould

Just hidden.

0:7:40.330 --> 0:7:41.480

Jake Gould

Yeah, just enough, yeah.

0:7:37.390 --> 0:7:48.200

Dawn Jarmusz

I mean, not too hidden but in object of the week and then you know, maybe that's something that would bring attention, cause at least it would be a weekly visit.

0:7:49.30 --> 0:7:51.290

Jake Gould

Yes, maybe more, maybe contests or.

0:7:53.510 --> 0:7:53.810

Dawn Jarmusz

Umm.

0:7:53.510 --> 0:7:57.760

Jake Gould

Chris, I see the one we had before like the first one, we had lunch, which was the scavenger.

0:7:57.770 --> 0:8:16.220

Jake Gould

I think there were only 10 submissions, but perhaps that again, like was mentioned before, they just weren't aware of it cause the only time it was mentioned was that the ambulance and then he'd be more visibility and more reminders to people that the stuff is out there so that they can do it when they have time, not just in that 30 minute added glance.

0:8:20.420 --> 0:8:20.650

Jake Gould

No.

0:8:17.500 --> 0:8:24.360

Dawn Jarmusz

Well, personally I only found three out of the four in that contest, so I didn't submit anything, right?

0:8:24.110 --> 0:8:24.440

Jake Gould

Right.

0:8:24.370 --> 0:8:26.490

Dawn Jarmusz

So if we do something more obvious.

0:8:24.850 --> 0:8:28.420

Jake Gould

Yeah, some people found some people found seven out of four.

0:8:28.590 --> 0:8:31.450

Jake Gould

So which is impossible.

0:8:31.460 --> 0:8:32.80

Jake Gould
But they did.

0:8:32.140 --> 0:8:35.210

Jake Gould
They they were like anything that acrisure like the local in the corner.

0:8:35.540 --> 0:8:38.250

Jake Gould
Uh, the person has a shirt with actual logo on it.

0:8:38.260 --> 0:8:38.900

Jake Gould
They named them all.

0:8:43.600 --> 0:8:46.0

Jake Gould
Alrighty, I think so.

0:8:46.10 --> 0:8:46.770

Jake Gould
Those are good strategies.

0:8:48.460 --> 0:8:51.530

Jake Gould
Yeah, I'll type some stuff up and then eventually I think we can work on.

0:8:51.650 --> 0:8:52.820

Jake Gould
Is anyone interested in working on?

0:8:54.230 --> 0:9:1.770

Jake Gould
Excuse me umm flushing out this the process or the the cadence for camps.

0:9:2.140 --> 0:9:3.890

Jake Gould
It doesn't have to be in a meeting or anything.

0:9:3.900 --> 0:9:7.980

Jake Gould
You can just be a asynchronous kind of chat back and forth about ideas.

0:9:8.770 --> 0:9:17.380

Jake Gould
If they'd wanna work with me on that, just mostly defining how often we do it in via what channel in the process to do it and which channels to use or which distribution groups.

0:9:17.730 --> 0:9:21.630

Jake Gould

I don't have access to all the teams channels, so I would need someone to help me.

0:9:21.640 --> 0:9:29.260

Jake Gould

Kind of identify which ones IT staff would be the most appropriate to reach more people, I guess.

0:9:32.970 --> 0:9:34.850

Jake Gould

This is a once in a lifetime opportunity, people.

0:9:40.40 --> 0:9:41.270

Jake Gould

Or I was blessed the all this.

0:9:41.280 --> 0:9:44.860

Jake Gould

I can also bless this the chat group and then see if we can do some crowdsourcing.

0:9:49.540 --> 0:9:49.930

Jake Gould

Alright.

0:9:49.940 --> 0:9:50.990

Jake Gould

Well, no one wants to work with me.

0:9:51.60 --> 0:9:51.480

Jake Gould

I get it.

0:9:53.700 --> 0:9:55.540

Jake Gould

I'll just go cry on my big pillow tonight.

0:9:57.10 --> 0:9:59.670

Jake Gould

You guys, are you guys speak fans of uh, somewhere, the next murder.

0:10:2.870 --> 0:10:3.720

Sara Woodin

Very familiar.

0:10:0.940 --> 0:10:5.140

Jake Gould

You know that movie Michael Myers at his finest?

0:10:5.400 --> 0:10:5.660

Robin Jones

Umm.

0:10:7.480 --> 0:10:8.350

Jake Gould

It's like Sputnik.

0:10:8.400 --> 0:10:9.710

Jake Gould

Yeah, that's a great movie.

0:10:9.880 --> 0:10:13.620

Jake Gould

If you haven't seen it, I highly recommend it well.

0:10:14.170 --> 0:10:14.990

Sara Woodin

Get this to work.

0:10:16.690 --> 0:10:18.500

Jake Gould

That so you're a big fan of that movie, Sir.

0:10:25.510 --> 0:10:26.690

Jake Gould

I've just seen it a lot, yeah.

0:10:19.730 --> 0:10:29.120

Sara Woodin

I I don't know that I'm necessarily a big fan of the movie, but yeah, we've seen it a lot.

0:10:29.130 --> 0:10:32.280

Sara Woodin

That's the first date movie with my husband, so.

0:10:32.380 --> 0:10:34.170

Jake Gould

OK, Ohk, it's special meeting.

0:10:34.180 --> 0:10:37.120

Jake Gould

So how did did you like it the first time you watched it?

0:10:38.70 --> 0:10:39.860

Sara Woodin

Ohh probably.

0:10:40.800 --> 0:10:41.710

Jake Gould
That's a no.

0:10:41.940 --> 0:10:42.510

Jake Gould
That means no.

0:10:43.660 --> 0:10:45.810

Jake Gould
So and you still give the guy another chance?

0:10:46.420 --> 0:10:46.920

Jake Gould
Good for you.

0:10:51.440 --> 0:10:54.10

Jake Gould
Yeah, that's it's one of our families.

0:10:54.230 --> 0:10:54.620

Jake Gould
Yeah.

0:10:55.190 --> 0:10:56.270

Jake Gould
No, that's a cool like that.

0:10:57.790 --> 0:10:59.430

Sara Woodin
I can't get the link to work though.

0:11:3.830 --> 0:11:4.690

Jake Gould
That's a cool aesthetic.

0:11:6.40 --> 0:11:6.630

Jake Gould
Yeah, I like that.

0:11:6.640 --> 0:11:7.930

Jake Gould
It's like a convert 64.

0:11:8.340 --> 0:11:9.630

Jake Gould
You know you can build those now.

0:11:9.640 --> 0:11:14.660

Jake Gould

You can buy a case and put a new computer in a 64 like box.

0:11:15.310 --> 0:11:18.760

Jake Gould

I don't know why you'd want to, but you can anyway.

0:11:18.600 --> 0:11:20.410

Sara Woodin

Only if I get to play facemaker again.

0:11:22.590 --> 0:11:29.420

Jake Gould

I had a terrace 80 way back when it uses cartridges cassettes for media storage.

0:11:29.430 --> 0:11:30.630

Jake Gould

That was those were the days.

0:11:33.140 --> 0:11:36.610

Jake Gould

Umm alright well, I think we have some good stuff.

0:11:36.780 --> 0:11:41.90

Jake Gould

If no one's if no one wants to work with me, I get it.

0:11:41.580 --> 0:11:50.870

Jake Gould

I wouldn't wanna work with me either, so I'll just post to the chat and we'll Crowdfsource ideas around the channels that we can leverage for getting the message out.

0:11:50.960 --> 0:11:57.550

Jake Gould

And I like the idea of having more than just the added class, because like you said, it's not enough really to get keep it top of mind and it's not really a moment.

0:11:57.560 --> 0:12:0.590

Jake Gould

People can always act on the content that's being shared.

0:12:2.150 --> 0:12:2.440

Jake Gould

Alright.

0:12:2.450 --> 0:12:2.990

Jake Gould

Anything else?

0:12:3.0 --> 0:12:5.500

Jake Gould

Anyone else have any ideas, thoughts.

0:12:5.560 --> 0:12:6.970

Jake Gould

Feelings for their business.

0:12:13.880 --> 0:12:14.210

Jake Gould

Now.

0:12:8.160 --> 0:12:14.760

Sara Woodin

I think my only other thought for you is that you're probably not gonna get a ton of engagement from the team or the next couple of weeks.

0:12:14.220 --> 0:12:15.790

Jake Gould

Yeah, that's the vibe.

0:12:15.810 --> 0:12:16.70

Jillian Rouleau

Yeah.

0:12:15.880 --> 0:12:17.350

Jake Gould

Yeah, that's that's the, that's the vibe.

0:12:17.10 --> 0:12:17.430

Robin Jones

It's yeah.

0:12:17.360 --> 0:12:18.610

Jake Gould

Don't worry, I get it.

0:12:18.950 --> 0:12:37.350

Jake Gould

And that's why I think this doing this through like a teams chat when you have a few minutes and you can post it if you're able to or should drop a link or whatever, that is probably the best way to move forward for the time being, we'll have to just kind of cosign the content we have and and if you just think of ways even to share ideas that don't mean you're gonna own it.

0:12:37.360 --> 0:12:43.600

Jake Gould

So I think at one time sometimes people are afraid to share a thought because then it means that you're the owner, like 123, not it.

0:12:43.820 --> 0:12:45.170

Jake Gould

And then it becomes your thing.

0:12:46.230 --> 0:12:51.110

Jake Gould

But that doesn't have to be true this if you have an idea, feel free to share.

0:12:51.220 --> 0:12:53.830

Jake Gould

It doesn't obligate you to to do anything, and I'm.

0:12:53.840 --> 0:12:55.230

Jake Gould

Yeah, I'm totally gonna steal that.

0:12:56.100 --> 0:12:57.480

Jake Gould

That image, Sarah.

0:12:58.760 --> 0:13:0.390

Jake Gould

Like what I made I made this.

0:12:59.350 --> 0:13:1.400

Sara Woodin

OK, I had to.

0:13:1.240 --> 0:13:2.720

Jake Gould

I'm gonna do what I made this moment.

0:13:1.450 --> 0:13:5.640

Sara Woodin

If I do, if I make it a PDF then I it's clickable.

0:13:6.670 --> 0:13:9.800

Jake Gould

Umm, because now it just opens the image itself right?

0:13:10.210 --> 0:13:10.410

Sara Woodin

Yeah.

0:13:9.810 --> 0:13:10.820

Jake Gould

Like I said, image viewer.

0:13:10.880 --> 0:13:14.610

Jake Gould

Yeah, for the PDF brings.

0:13:14.620 --> 0:13:15.450

Jake Gould

OK, got you.

0:13:16.830 --> 0:13:17.560

Jake Gould

We can make this work.

0:13:20.720 --> 0:13:21.420

Sara Woodin

You come on.

0:13:21.260 --> 0:13:22.360

Jake Gould

And mislike mesmerized.

0:13:22.370 --> 0:13:23.350

Jake Gould

I just wanted like stare at it.

0:13:23.360 --> 0:13:32.920

Jake Gould

Like when you watch a fire when you're camping and this is like just looking at it and there's no reason then, just like in immersed in this nostalgia.

0:13:33.610 --> 0:13:35.680

Jake Gould

Alright, well, I don't wanna take any of your time.

0:13:35.950 --> 0:13:45.970

Jake Gould

Everybody's busy, so I'll I'll type up recap and send this out, and then I'll be reaching out via chat and stuff to move forward.

0:13:47.930 --> 0:13:48.310

Jake Gould

So I'm good.

0:13:49.50 --> 0:13:49.510

Sara Woodin

Sounds good.

0:13:50.0 --> 0:13:50.340

Robin Jones

So.

0:13:49.820 --> 0:13:50.370

Jillian Rouleau
Sounds great.

0:13:50.610 --> 0:13:51.30

Glendra Chambers
That's good.

0:13:51.820 --> 0:13:52.170

Dawn Jarmusz
It's fun.

0:13:50.190 --> 0:13:52.240

Jake Gould
Alright, OK, alright.

0:13:52.250 --> 0:13:59.0

Jake Gould
And then ohh one thing I was gonna mention and it was probably have to be after the platform and comes down is perhaps have doing one of these meetings in person.

0:13:59.710 --> 0:14:6.500

Jake Gould
UM IRL in real life, perhaps you're the Home Office or at another location.

0:14:7.250 --> 0:14:8.280

Jake Gould
Secondary location.

0:14:8.530 --> 0:14:10.270

Jake Gould
Is that something you think would be worthwhile?

0:14:11.800 --> 0:14:14.240

Sara Woodin
Five of us on this call are remote for sure.

0:14:15.840 --> 0:14:16.600

Jake Gould
We'll fly you in.

0:14:17.380 --> 0:14:18.160

Jake Gould
All expenses paid.

0:14:19.300 --> 0:14:19.540

Robin Jones
Umm.

0:14:20.290 --> 0:14:20.490

Jake Gould

Yeah.

0:14:20.500 --> 0:14:32.300

Jake Gould

That's why I think maybe getting a room with the tech that allows like a a meeting, at least the best we can do with what we have, I guess perhaps it is getting a space here in the building and then.

0:14:31.510 --> 0:14:35.160

Shankar Venkataraman

And did you say and did you say platform settling down?

0:14:36.360 --> 0:14:36.550

Dawn Jarmusz

Fran.

0:14:37.90 --> 0:14:37.680

Robin Jones

Right.

0:14:37.480 --> 0:14:38.570

Jake Gould

It's relative, really.

0:14:37.930 --> 0:14:38.890

Robin Jones

Yeah, right.

0:14:38.580 --> 0:14:39.710

Jake Gould

Isn't that relative term?

0:14:41.850 --> 0:14:42.650

Shankar Venkataraman

So we could wait.

0:14:39.800 --> 0:14:43.50

Jake Gould

It's just like a it's a wave and we wanna get into the thorough.

0:14:44.30 --> 0:14:46.160

Shankar Venkataraman

We can wait for three years for that meeting.

0:14:46.960 --> 0:14:47.120

Sara Woodin

Which?

0:14:47.10 --> 0:14:49.40

Jake Gould

Well, when you're dead, we're gonna have a great meeting.

0:14:49.400 --> 0:14:49.630

Robin Jones

We're.

0:14:49.940 --> 0:14:50.270

Dawn Jarmusz

And Cris.

0:14:49.50 --> 0:14:55.400

Jake Gould

Now I think it's mostly just we wanna get it where it's not a Crest, but before the next Crest is somehow we can get in that little.

0:14:55.830 --> 0:14:56.550

Jake Gould

That's the sweet spot.

0:14:56.180 --> 0:14:56.880

Shankar Venkataraman

I don't think it's.

0:14:55.930 --> 0:14:57.300

Sara Woodin

So we'll see you at the Christmas party.

0:14:57.960 --> 0:14:59.290

Robin Jones

Yeah, I was gonna say that's.

0:14:59.440 --> 0:14:59.570

Shankar Venkataraman

Yeah.

0:14:59.230 --> 0:15:1.700

Jake Gould

2027 yeah.

0:15:1.950 --> 0:15:2.120

Shankar Venkataraman

No.

0:15:5.310 --> 0:15:5.510

Jake Gould

Yeah.

0:14:59.300 --> 0:15:7.900

Robin Jones

I was thinking that too, Sarah, if they have the Christmas party and we could maybe block out some time, I don't know or come in a little early or something.

0:15:7.530 --> 0:15:10.520

Jake Gould

Yeah, realistically, that's probably the most feasible time.

0:15:11.420 --> 0:15:12.680

Jake Gould

I mean, it's only a few months out.

0:15:13.60 --> 0:15:13.300

Robin Jones

Right.

0:15:12.690 --> 0:15:13.680

Jake Gould

Honestly, it's not that far.

0:15:17.270 --> 0:15:18.100

Jake Gould

Really hype it?

0:15:14.250 --> 0:15:19.250

Robin Jones

And we could gear up for next year ideas or something? Umm.

0:15:18.110 --> 0:15:19.790

Jake Gould

Yeah, it'd be like a whole boot camp.

0:15:21.310 --> 0:15:22.660

Jake Gould

We're going to do trust falls.

0:15:22.780 --> 0:15:23.480

Jake Gould

It's gonna be great.

0:15:27.240 --> 0:15:27.611

Robin Jones

The E.

0:15:27.170 --> 0:15:32.480

Jake Gould

Alright, everybody, that was a good talking to everyone and I'll see you maybe on Tuesday, huh?

0:15:33.650 --> 0:15:33.810

Sara Woodin

Right.

0:15:34.240 --> 0:15:34.540

Jake Gould

Alright.

0:15:34.550 --> 0:15:34.720

Jake Gould

Bye bye.

0:15:34.870 --> 0:15:35.230

Glendra Chambers

Thanks.

0:15:35.460 --> 0:15:35.960

Dawn Jarmusz

Alright, bye bye.

0:15:35.130 --> 0:15:36.70

Jillian Rouleau

Every day. Bye.

0:15:36.310 --> 0:15:36.750

Jake Gould

Yeah, you too.

0:15:37.460 --> 0:15:37.880

Shankar Venkataraman

Thanks Jake.
